PRODUCT DESCRIPTION

Designer: [GIBILLERO Design](#)

Made entirely of galvanized and painted steel, this **bench** is achieved by a composition of industrial tubular sections welded to two side legs with holes suitable for mounting to the floor.
The net shape and minimalist design make it particularly economical and at the same time appealing.

Available in several colors.

Max Dimensions:

1500 x 605 xh 875 mm
Seat height: 430 mm
