

BENCHES: ZEN 3000

| Category: [BENCHES](#)

PRODUCT DESCRIPTION

BENCH without backrest

The bench ZEN is made in a steel sheet, 50/10 thickness, provided with 3 strong supportive legs and an exotic wood seat, 30 mm thick, fixed to the load-bearing structure with chipboard screws.

This product is entirely made in Italy from steel subjected to an electrolytic galvanising cycle and subsequently painted with PP powders with Ral colour of your choice.

The wood used is either Iroko or Okume, treated with natural, water-repellent, UV ray resistant oils.

Weight of steel: **66 kg**

BENCH with backrest

The bench ZEN with backrest is made in a steel sheet, 50/10 thickness, provided with 3 strong supportive legs and an exotic wood seat, 30 mm thick, fixed to the load-bearing structure with chipboard screws. The single backrest (bench 2 mt/3mt), the double one or the counterposed one (bench 3 mt), is made with the same wood of the seat, fixed on 2 or 3 strong supports in steel sheet, 50/10 thick.

This product is entirely made in Italy from steel subjected to an electrolytic galvanising cycle and subsequently painted with PP powders with Ral colour of your choice.

The wood used is either Iroko or Okume, treated with natural, water-repellent, UV ray resistant oils.

Weight of steel: **70 kg**

Max dimensions:

Bench 3 mt: **3000 x 510 x h 460 mm**

Bench 3 mt with backrest: **3000 x 510 x h 460 mm** - height of the backrest: **310 mm**
