

BIKE RACKS: WAVE

| Categories: [BIKE RACKS](#), [URBAN DESIGN](#)

PRODUCT DESCRIPTION

Designer: [Hangar Design Group](#)

The bike rack Wave (10 bikes, alternate version) is made in steel 30/10 thickness. The spacers, where the wheels of the bikes are placed, are laser-cut, wave-shaped and come with a hole to hook the bike. WAVE can be fixed to the ground through specific bolts (not provided) and holes of 10 mm diam.

This product is entirely made in Italy from steel subjected to an electrolytic galvanising cycle and subsequently painted with PP powders with Ral colour of your choice.

The bike rack is available with a wheel capacity of 2/4/6/8

Max dimensions:

Length: **1380 mm**
Width: **440 mm**
Height: **360 mm**
Wheels number: **10**
Weight: **48 kg**
