PRODUCT DESCRIPTION

Designer: [GIBILLERO Design](#)

TAVOLEE is a product designed using the style and shape of the VOLEE bench. A product created to "be together", and consists of a continuous element: a brightly colored tape in galvanized and painted steel that is both the main structure and also the element that closes the shape by drawing the contours.

The slats of the table and seats are made of solid wood to give the product a great resistance and durability.

Overall dimension:

1500 x 1735 x h 750 mm - Seat height 455 mm

Materials: [steel](#), [wood](#)
