PRODUCT DESCRIPTION

Designer: [GIBILLERO Design](#)

This basket has a big capacity and it is the result of the mix between 2 steel galvanized and folding pressed strips, one as "O" and the other one as "U" form. These 2 strips match each other and compose the basket. This basket can be open from the top and has hidden hinges.

The design is linear and efficient. The steel galvanized folding pressed structure can be delivered in different colors.

Overall dimensions:

DIMENSIONS: 460 x 450 x 835mm

LOAD: It 75

Materials: [steel](#)
